

Dear Reader,

Please find below the editorial synopsis for the Q1.2022 issue of **The DESK**. Trusted by bond traders to provide the best information on market structure, data and trade execution.

Using a unique model of feedback via monthly off-the-record briefings and quarterly quantitative research, we help buy-side traders navigate the evolving fixed income markets and sell-side traders to better support their clients.

The quarterly magazine as well as daily news site, weekly newsletters and social media feeds give us a constant flow of information to the market, blending a mix of exclusive stories, in-depth trader profiles and technical analysis of trading across the cash and derivatives fixed income markets.

If you are interested in any of the forthcoming coverage please contact the editor, **Dan Barnes**.

Get the Q4.2021 issue

FEATURES:

Lead: The Trading Intentions Survey 2022

Our research into the pre-trade data, interfaces and trading platforms in favour going into 2022.

Trading: What a trader needs to know when trading into inflation

Many traders will not have seen an inflationary market, creating a new set of dynamics to assess.

Portfolio management: Risks in 2022.

The major triggers for buying and selling activity in the year ahead.

Skills: How are traders training up to handle data analytics and quant skills?

A very different profile of traders is allowing desks to enhance their use of available data to deliver more effective execution.

On The DESK

Our series of exclusive interviews with heads of fixed income trading desks:
Tobi Molko, Head of Trading Execution at Bridgewater Associates
